Caught on the Naughty List

Directions: Help Santa figure out who is on the naughty list. Cut out all the pieces needed and fold the gnomes upright. Each player secretly picks a character who is on the naughty list to put on their gnome so the other player can't see it. Each player gets a character sheet and you have to find the player who goes on the naughty list while everyone else is on the nice list. Take turns asking yes or no questions based on the appearance of the character. Based on the answer, you can add the nice tags on the characters who don't match the description because they are not the person on the naughty list. The game ends when someone correctly guesses who is on the naughty list.
