Polar Bear Treats

Directions: Cut out the recipe card below and add it to your family's favorite recipes. Follow along with a parents help and make a delicious snack together!

POLAR BEAR TREATS

Ingredients:

Oreos, White Chocolate Candy Melts, Mini M&Ms (Brown), Small Candy Eyes

Recipe:

1. Line a baking sheet with parchment paper and set aside. Take a few white chocolate candy melts and carefully cut in half and set aside.
2. Use a microwave safe bowl and microwave about 2 cups of white chocolate candies in 30 second intervals, stirring in between each round, until the chocolate is melted.
3. Dip your oreos in the melted chocolate and place on the baking sheet.
4. While the chocolate is still melted add two halves of the white chocolate melts in the oreo as the polar bear ears and add a full candy melt at the bottom of oreo as the part of the nose. Take a mini M&M and dip one side in the melted chocolate, then put on the candy melt "nose".
5. Do the same thing with your candy eyes placing them above the nose.
6. Wait a couple hours for the chocolate to harden then Enjoy!
