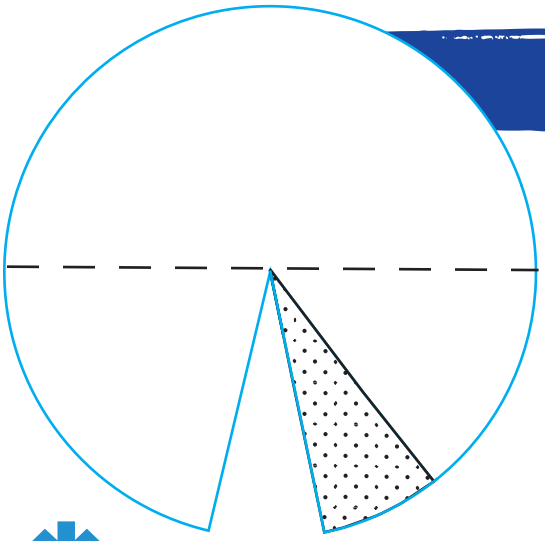
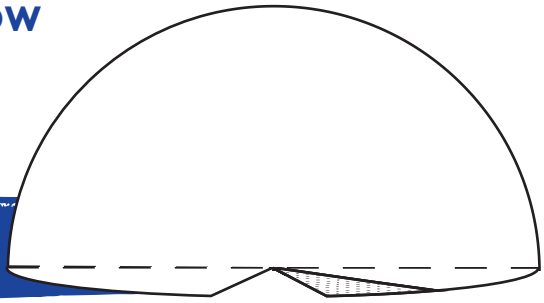
3D Snow Globes

Directions: Print, color, and cut your snow globe and characterto match. Follow the instructions below to fold and glue the snow globe together.



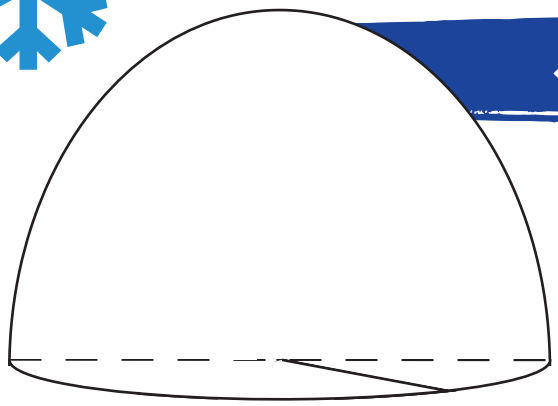
STEP 1

Cut out your snow globe.



STEP 2

Fold your globe on the dotted line.



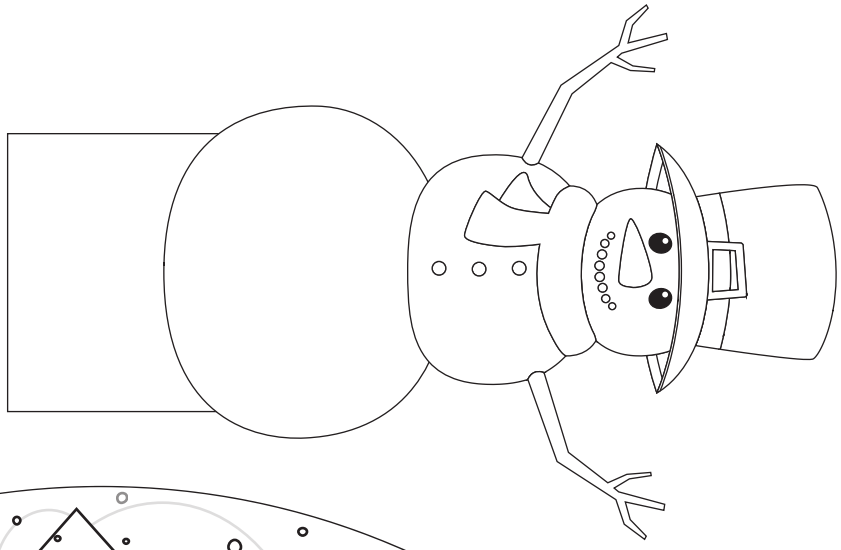
STEP 3

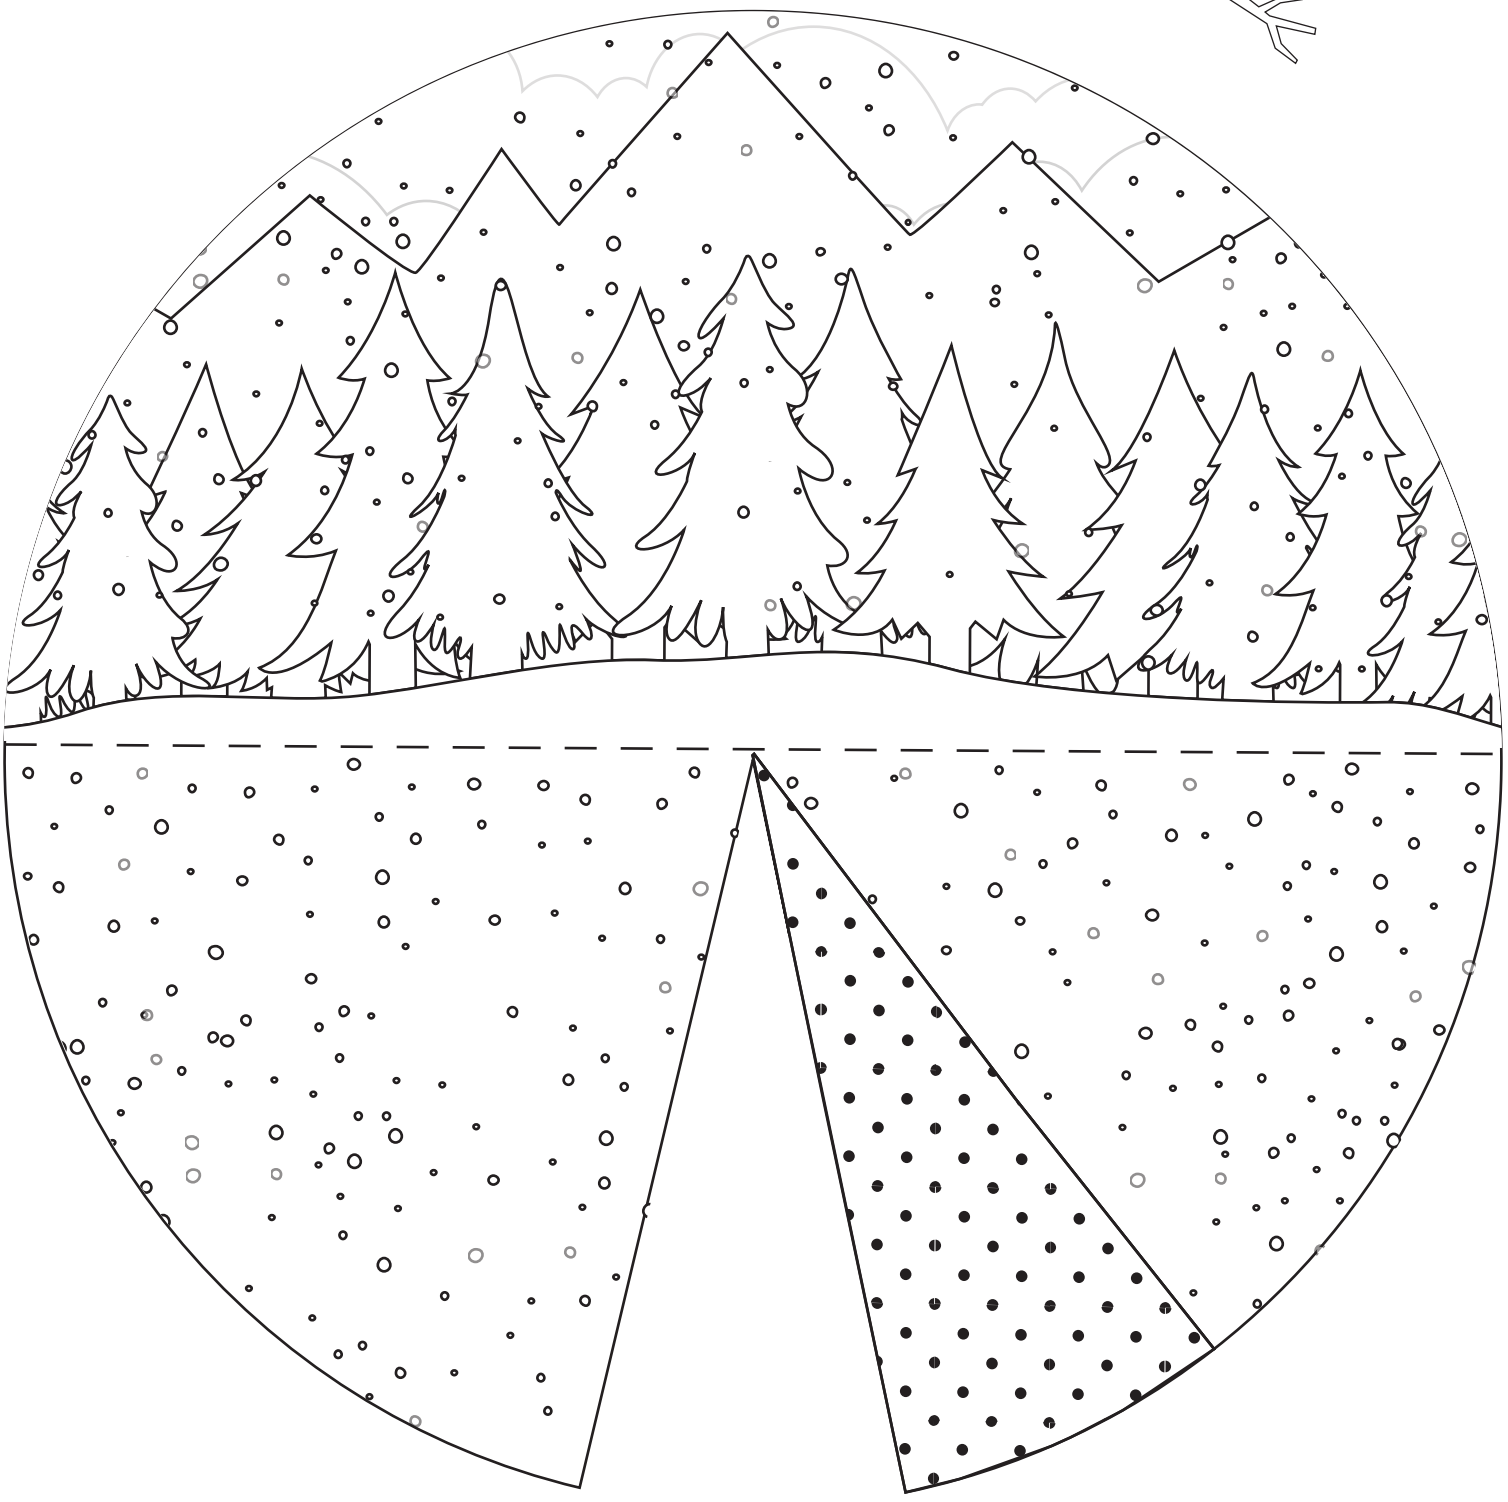
Take the bottom flap and glue onto the dotted triangle on the other flap. This will create a cylinder shape with the top half circle.

STEP 4

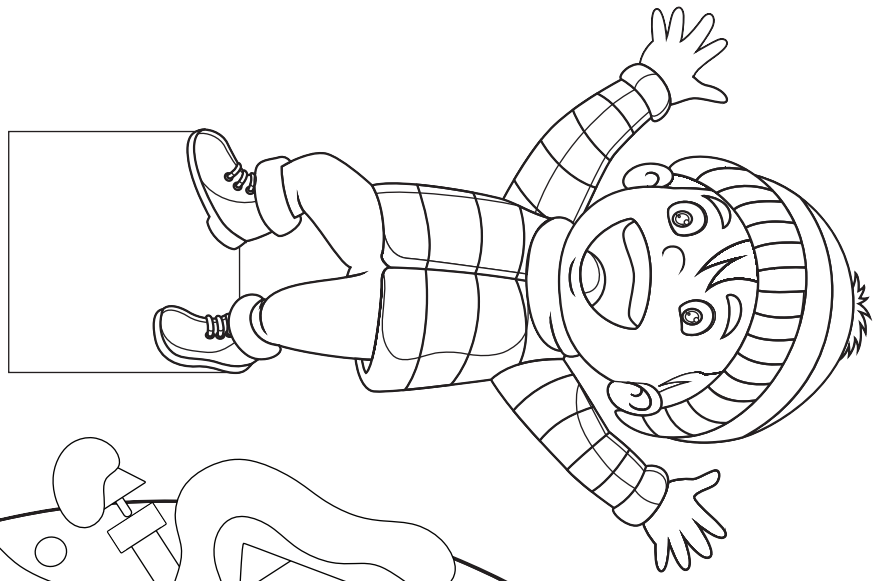
Take your character and fold the square backwards, so it will stand up in the snow globe. Swap out the characters and snow globe background to get creative.

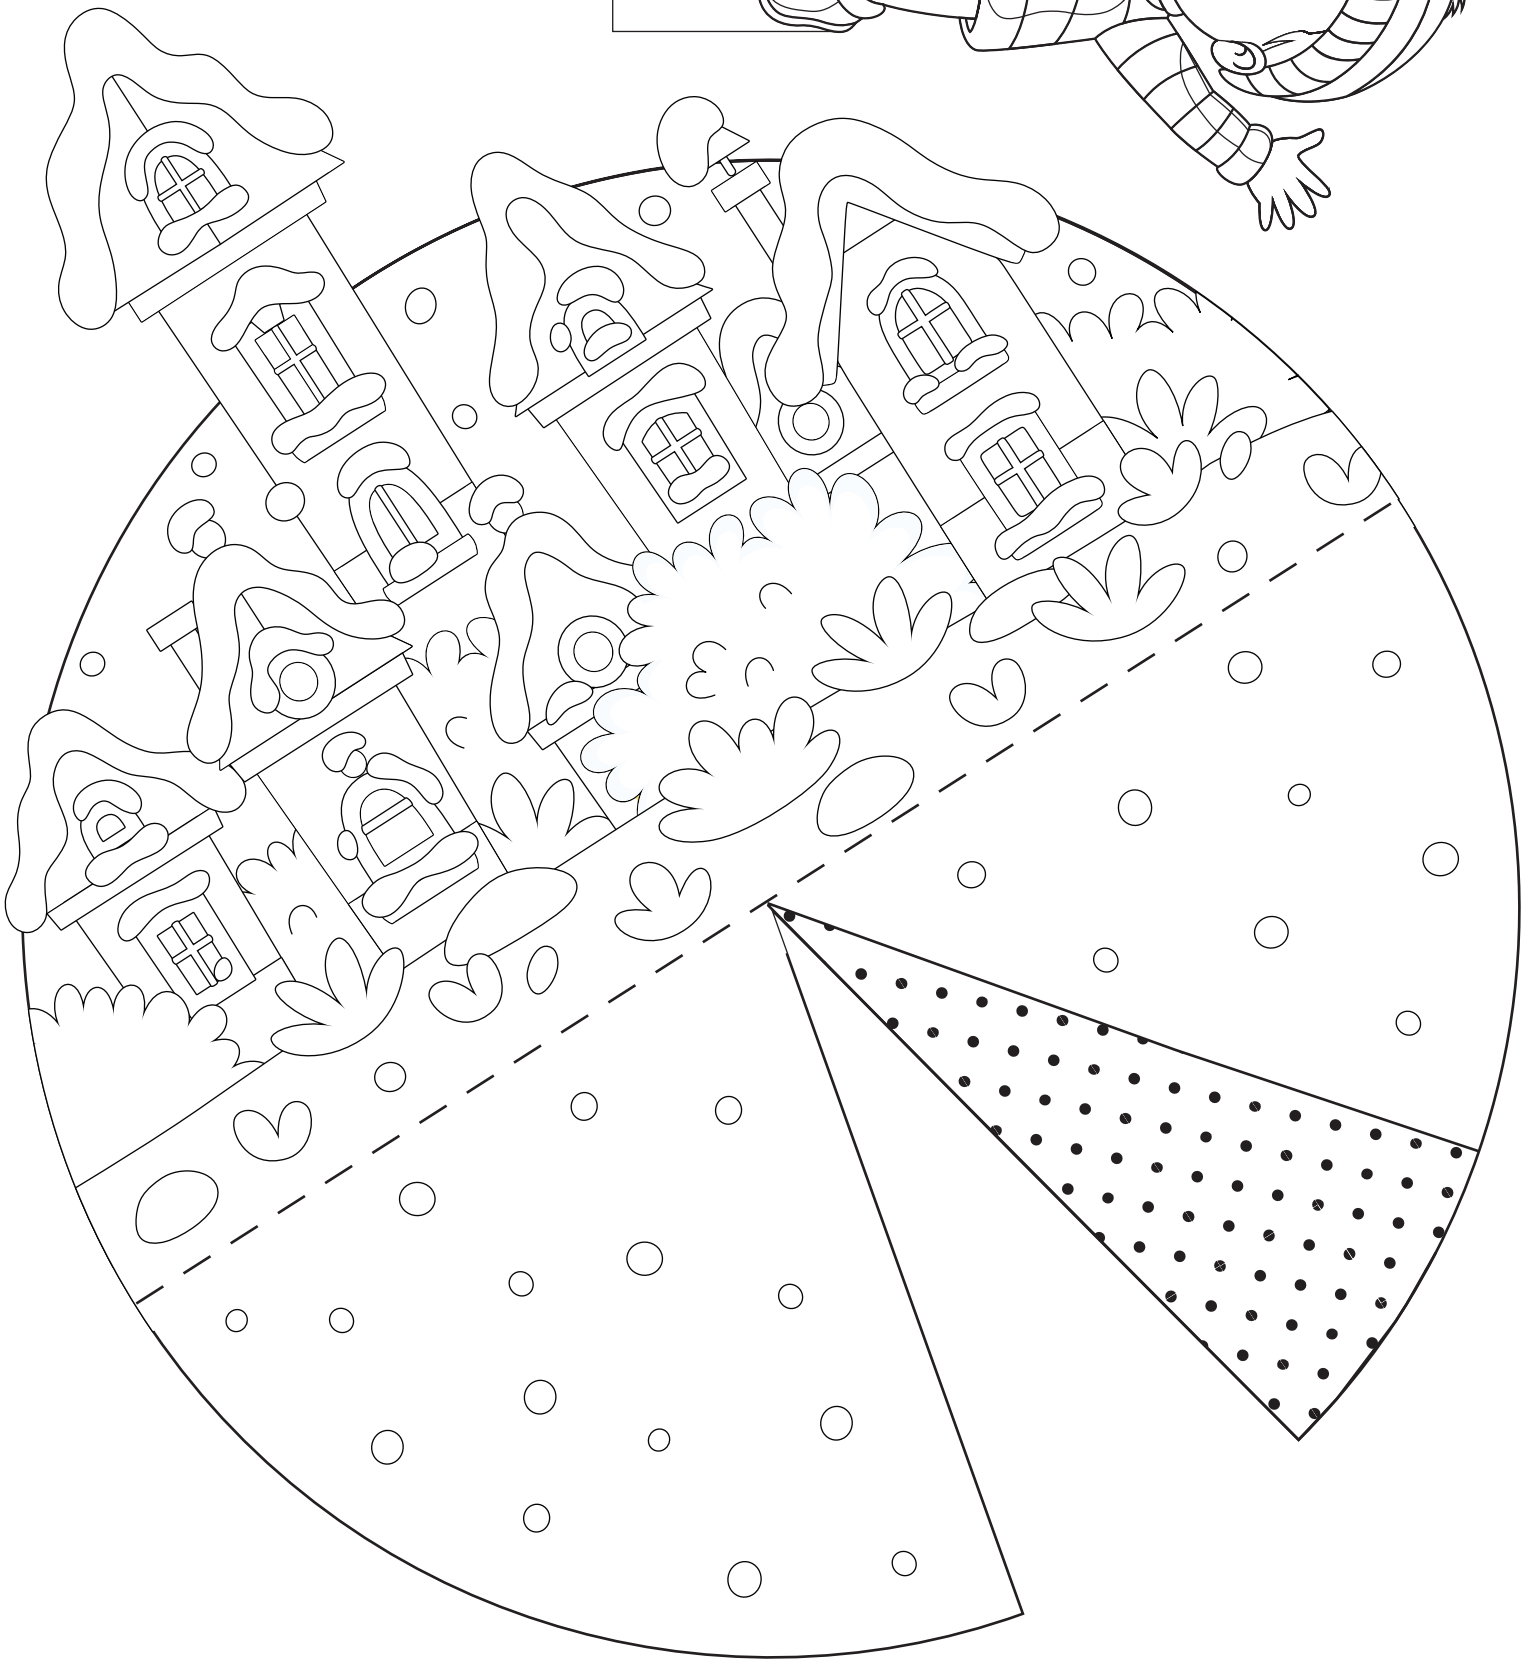
Silly Snowman Snow Globe





Jumping for Joy Snow Globe





Kitty Cat Snow Globe
