 Hedstrom®

Step 1

Cut two small holes on opposite sides of your round container with a craft knife.

Step 2

Put a piece of wire through the holes creating a loop and tape on the inside or twist the wires together.

Step 3

Spray the outside of your container with silver spray paint.

Step 4

Let dry for about 30 minutes.

Step 5

Line the bottom of your container with E6000 Glue.

Stick container on your playball.
Careful not to cover your
inflation hole

Step 6

Step 7

Leave to dry for 24 hours
and then your ornament is
ready to be displayed!
