

Reverse Hide and Seek

Directions: Read and follow the instructions below to play reverse hide and seek!

REGULAR

Pick one player to be the seeker.

REVERSE

Pick one player to be the hider.

The one seeker closes their eyes and counts to 60 seconds while the rest of the players hide.

The one hider must find a hiding spot while the rest of the players (seekers) count to 60 seconds.

After the 60 seconds the seeker must go around and find the hiders. When a hider is found they are out.

After the 60 seconds the seekers must go around and find the hider. When a seeker finds the hider they must also hide with them.

The last hider to be found.
WINS

The last seeker to find the hidden group of hiders. **LOSES!**

The winner of that round becomes the next seeker.

The loser of that round becomes the next hider.
